CORE VALUES

FIGURES AS OF JULY 2026

CASHAW MANAGEMENT INC.

Committed to securing your success.

The Brand Family

Cashaw Management operates a portfolio of vacation rental properties across the Denver metro under our consumer brand KushKations™, with in-house cleaning, maintenance, and virtual assistant teams. We build a business that runs on systems, not heroes.

Our names and when to use them. Five brands, all active, under one parent. They are grouped below by what they do, not by rank: the parent, the guest-facing stays, and the cleaning arms.

POSITIONING

"Luxury Group Stays, 420-Friendly."

A boutique portfolio of 420-friendly luxury rentals built for groups: hot tubs, game rooms, theaters, and a real host on the other end. Book direct and save 5%.

• THE PARENT

Cashaw Management Inc.

PARENT ENTITY

The operating company behind all four brands below. Contracts, payroll, vendors, and team. Every brand is endorsed by it: *"A Cashaw Management Brand."*

Tagline: "Committed to securing your success."

Location: 500 E. 84th Ave., Suite A1, Thornton, CO 80229

FLAGSHIP

KushKations™

CONSUMER BRAND • 420

The flagship. 420-friendly luxury group stays across the Denver metro. Guests, website, social, ads, and property signage.

Positioning: "Luxury Group Stays, 420-Friendly."

Naming rule: Always one word, two capital Ks, ™ in formal materials. Never "Kush Kations" or "Kushkations".

All Exclusive BNB

RENTAL BRAND • AEBNB, EST. 2022

A separate short-term rental brand with its own Facebook presence and property signage. It runs apart from the KushKations 420 identity, so it can host guests outside the cannabis-friendly niche.

Do not: mix its listings or marketing with KushKations. The point of a second brand is separation.

Formal positioning line still to be written with Shaquan.

Same-Day BNB Cleaners

B2B CLEANING · SHORT-TERM RENTALS

Turnover cleaning sold to other hosts, on properties Cashaw does not own. Billed monthly through its own Square account. A live revenue line, not a concept.

Market: Short-term rental turnovers for external clients.

Do not: use this mark on Cashaw or KushKations properties. It exists to sell cleaning outward.

Clearsite

CLEANING · RESIDENTIAL & POST-CONSTRUCTION

The other cleaning arm. Residential, post-construction, and base work. A separate business from Same-Day BNB Cleaners because it serves a different market.

Market: Residential and post-construction cleaning.

Its orange belongs to Clearsite. It is exempt from the "never orange" rule, which governs KushKations and Cashaw.

Why two cleaning brands, not one: they serve different markets. Same-Day BNB Cleaners does short-term rental turnovers for other hosts; Clearsite does residential and post-construction. Cashaw's own 21 properties are cleaned by the in-house team, under neither of these marks.

Core Values

Six words. They apply to everyone, including Shaquan. Every decision gets checked against them. Hover or focus a card to reveal the execution guide.

Ownership

Responsabilidad

If we see it, we solve it. No "not my job." Every unit you touch carries your name.

Si lo vemos, lo resolvemos. Nada de "no es mi trabajo". Cada unidad que tocas lleva tu nombre.

HOW WE LIVE IT

We never tell a guest it was the cleaning crew's fault. We apologize, resolve it within 45 minutes, then fix the internal process.

Integrity

Integridad

Do it right even when nobody checks. An honest "not yet" beats a fake "done."

Hazlo bien aunque nadie te revise. Un "todavía no" honesto vale más que un "listo" falso.

HOW WE LIVE IT

Immediate communication the moment a breakdown occurs. We refund or repair preemptively, before the guest has to ask.

Persistence

Persistencia

"No" is a starting point. We find a way. (Encontramos la manera.)

El "no" es un punto de partida. Encontramos la manera.

HOW WE LIVE IT

An unfair review is not the end of the conversation. We document it, cite the policy it violates, and take it back to the platform until it is resolved.

03

Team

Equipo

Cleaners, maintenance, VAs. We win together. Nobody succeeds alone.

Limpieza, mantenimiento, VAs: ganamos juntos. Nadie triunfa solo.

HOW WE LIVE IT

A handoff is not finished until the next person can act on it. Every issue leaves the shift with an owner, not a mention.

04

Growth

Crecimiento

Better than yesterday. We don't repeat errors, we retire them.

Mejor que ayer. No repetimos errores, los retiramos.

HOW WE LIVE IT

The same mistake twice is a process problem, not a people problem. We fix the system that allowed it and write it down.

05

Hospitality

Hospitalidad

Success is measured by the guest experience. The guest feels our work.

El éxito se mide por la experiencia del huésped. El huésped siente nuestro trabajo.

HOW WE LIVE IT

Custom design themes, a warm and professional voice, and answers that come from the house manual rather than a template.

06

Before you leave a unit, ask: "Would I pay to stay here tonight?" · Antes de salir de una unidad: "¿Pagaría yo por quedarme aquí esta noche?"

Identity

Logos, colour, and type. If you are making something with our name on it, the rules on this page are the whole brief.

Logo usage

CLEAR SPACE

Keep clear space around every mark equal to at least half the height of the mark. Nothing, including type, photos, or page edges, enters that box.

MINIMUM SIZE

64px OK

32px too small

The KushKations badge carries a leaf, a mountain, and circular text. Below roughly 64px tall it stops being readable. Use it at 64px or larger, or commission a simplified small-size mark.

Variants on file

What exists today, and what has to be commissioned. The packet roadmap already records this gap: "Vector versions of the KushKations, AEBNB, Same-Day and Clearsite marks. Cashaw now has a traced SVG set; the other four are still PNG only."

BRAND	FULL COLOUR	VECTOR	REVERSED	SMALL SIZE	GAP
Cashaw Management	PNG	n/a	n/a	n/a	Wordmark only. No stacked lockup for square placements.
KushKations™	PNG	n/a	n/a	n/a	Badge is illegible below 64px. Needs a simplified small-size mark.
All Exclusive BNB	PNG	n/a	n/a	n/a	Art is built on a black field. Unusable on light without a reversed cut.
Same-Day BNB	PNG	n/a	n/a	n/a	Circular text fails at small sizes. Same problem as KushKations.
Clearsite	PNG	n/a	n/a	n/a	Mark is black. Invisible on navy. No reversed version exists.

Every gap above needs a designer, not a developer. Until a reversed or small-size cut exists, do not improvise one: ask, or use the mark at a size and on a background where it works.

DO NOT

- Do not stretch, squash, or rotate a mark.
No estirar, aplastar ni rotar un logo.
- Do not put the KushKations green badge on a green field.

- Do not recolour a mark or add effects.
No cambiar el color de un logo ni agregar efectos.
- Do not rebuild a mark from scratch. Use the files in Drive.

No poner el escudo verde de KushKations sobre fondo verde.

Do not write "Kush Kations" or "Kushkations".
No escribir "Kush Kations" ni "Kushkations".

No rehacer un logo desde cero. Usa los archivos de Drive.

Do not use one brand's mark on another brand's property, listing, or marketing. Each brand stays in its own lane.

No usar el logo de una marca en la propiedad, anuncio o publicidad de otra. Cada marca en su carril.

COLOUR RULES

Never red or orange. Off-brand.

Nunca rojo ni naranja. Fuera de marca.

Gold is used sparingly: core values and premium moments only.

El dorado se usa con moderación: solo valores fundamentales y momentos premium.

Two golds exist. KK Gold #d4a944 belongs to KushKations. Cashaw Gold #c8992f is the wordmark's own. Do not mix them in one piece.

DECIDED · JULY 2026

Navy is Cashaw's corporate colour. Green stays KushKations'. This closes the packet's open item ("align Cashaw to this palette, or document blue as Cashaw's own corporate color") in favour of the second reading.

KushKations is not being rebranded. Its 420-friendly identity is the portfolio's competitive moat and carries the #1 Google ranking, the trademark, and 1,773+ reviews. The green palette below is current and stays current.

The "never orange" rule scopes to **KushKations and Cashaw**. Clearsite's orange and the orange sun in All Exclusive BNB are those brands' own colours and are allowed. Each brand keeps its own palette; the rule is that you do not borrow one brand's colours for another.

Vector SVG for Cashaw (scales to any size, use this for print, signage, and embroidery). Transparent PNG for the rest.

CASHAW MANAGEMENT · VECTOR SET

SVG · INFINITE SCALE

Traced from the 2023 PNG, since no original vector was ever delivered. Shape matches the original to 86%. Good enough for screen and most print; if you commission a redraw, replace these files and nothing else changes. Navy and one-colour cuts are also on file.

TEMPLATES

Email signature for Gmail, and a letterhead you type into and print straight to PDF. Same set for you and every VA.

Roadmap

What we have, what is missing, what still needs a decision.

- HAVE Core values, final and live (6 values, bilingual).
- HAVE KushKations colour palette, fonts, tagline, logo files.
- HAVE Logo files for all 5 brands in Drive.
- HAVE Proof points: 4.87★, 1,773+ reviews, 21 properties.
- NEED Formal one-paragraph mission statement, approved by Shaquan.
- NEED Vector (SVG/AI) versions of all logos. Only PNG/JPEG exist today.
- NEED Photography style guide (what KushKations listing photos should look like).
- NEED Email signature and letterhead templates using this system.
- HAVE **Settled July 2026:** navy is Cashaw's own corporate colour. KushKations keeps its greens and is not being rebranded.
- HAVE **Settled July 2026:** all five brands are active. Two stays brands (KushKations, All Exclusive BNB), two cleaning arms (Same-Day BNB Cleaners, Clearsite), one parent.
- DECIDE Where Luna (the AI operating system) lives: a Cashaw product, a sub-brand, or its own company. Blocks the website and any deck.
- DECIDE cashawmanagement.com: restyle the current Wix site, or rebuild static and repoint DNS. It still shows Wix default blue with red and orange.
- DECIDE Custom domain for this packet (e.g. brand.cashawmanagement.com).

What changed

V4.3 · JULY 2026

All five brands confirmed active. The Brand Family is now grouped by function: the parent, two stays brands (KushKations, All Exclusive BNB), and two cleaning arms (Same-Day BNB Cleaners, Clearsite). The "status to confirm" section is gone. The "never orange" rule was scoped to KushKations and Cashaw; the sub-brands keep their own palettes.

V4.2 • JULY 2026

Rebrand scope set: Cashaw Management only. KushKations is not being rebranded; its 420 identity is the moat and carries the ranking, trademark, and reviews. Navy confirmed as Cashaw's corporate colour, closing the packet's open item. Cashaw wordmark and icon vectorised (SVG, four cuts each) since no original vector ever existed. Email signature template added.

V4.1 • JULY 2026

Added logo usage rules, colour specs, typography, voice, downloadable marks, roadmap, and this changelog. Spanish added to the rule, the values, and the do-nots. Share card and favicon added. The old /brand-packet/ page now redirects here.

V4.0 • JULY 2026

The simple rule became the hero. Real logos replaced placeholder letter marks. Sub-brand status corrected to "to be confirmed".

V2 • 9 JULY 2026

Original digital brand packet. Its content lives on in this portal.
